

NATIONAL HOME PROGRAM

2026–2027

The VFW National Home continues to serve as a vital support community for military and veteran families. This year, the Department's National Home Program is centered on direct financial support for the Kansas House, ensuring it remains a strong, stable resource for those who depend on it.

As part of the All-State Post requirements, each Post must contribute a minimum of \$100 to the Kansas House at the National Home. Posts may earn additional All-State points by hosting a fundraising event whose proceeds directly benefit the Kansas House. These contributions strengthen the Home and reinforce Kansas' longstanding commitment to the VFW National Home

To further support the Kansas House, the Department is conducting a Life Membership Upgrade Raffle, with all proceeds benefiting the Kansas House. District Commanders and the Department Commander have raffle tickets available for purchase.

The VFW Department Commander and Department Auxiliary President's Special Project for 2026–2027 is dedicated to raising money for the Kansas House at the VFW National Home.
